Fawzy Wasfy Salama, M.D.
[REDACTED]

Re: License No. 197603

Dear Dr. Salama:

Enclosed is a copy of the New York State Board for Professional Medical Conduct (BPMC) Modification Order No. 19-034. This order and any penalty provided therein goes into effect March 6, 2019.

Please direct any questions to: Board for Professional Medical Conduct, Riverview Center, 150 Broadway, Suite 355, Albany, New York 12204, telephone # 518-402-0846.

Sincerely,

[REDACTED]

Keith W. Servis
Director
Office of Professional Medical Conduct

Enclosure

NEW YORK STATE DEPARTMENT OF HEALTH
STATE BOARD FOR PROFESSIONAL MEDICAL CONDUCT

IN THE MATTER
OF
FAWZY WASFY SALAMA, M.D.

BPMC No. 19-034

DIRECTOR'S FIRST
MODIFICATION
ORDER

Respondent, FAWZY WASFY SALAMA, M.D., is currently subject to BPMC Order # 18-056 (Attachment I) (henceforth "Original Order"), which was issued upon a Consent Agreement signed by Respondent, which went into effect on March 21, 2018. The Original Order imposed various Penalties, Limitations, Probation Terms, and Conditions, and also provided the Director of the Office of Professional Medical Conduct with the authority and discretion to order subsequent modifications of the Original Order. BPMC Order #18-056, and all of its various Penalties, Limitations, Probation Terms, and Conditions shall continue to apply except as modified in this Director's First Modification Order.

The Penalties imposed in the Original Order included the following:

Pursuant to N.Y. Pub. Health Law § 230-a(3), ... [Respondent's] license to practice medicine in New York State shall be limited to preclude all prescribing of controlled substances except those medications set forth in attached Exhibit C, until [Respondent] successfully complete[s] a clinical competency assessment (CCA), which shall include but not be limited to the area of controlled substance prescribing. After reviewing the CCA results and recommendations, the Director, in his sole discretion and as set forth below, may modify the License Limitation by terminating the limitation in full, or by imposing a total or partial preclusion on controlled substance prescribing. Pursuant to N.Y. Pub. Health Law § 230-a(9), the Director may also subsequently reimpose and/or modify such a license limitation based upon all relevant facts and circumstances then known to him, including, but not

limited to, those related to the current OPMC investigation, the CCA results and recommendations, and/or related to my practice in the future.

Pursuant to N.Y. Pub. Health Law § 230-a(9), effective immediately upon the issuance of this Consent Order, [Respondent] shall be placed on probation, subject to the terms set forth in attached Exhibit "B." The period of probation shall continue for no less than 36 months after the License Limitation recited in the paragraph above is stayed. The Director, in his sole discretion, may impose additional Probation Terms and Conditions beyond those set forth in Exhibit "B", based upon all relevant facts and circumstances then known to him, including, but not limited to, those related to the current OPMC investigation, the CCA results and recommendations, the Preceptor's reports, and [Respondent's] practice in the future, as well as any as are deemed by the Director to be necessary to protect the public health. The Director may also extend the period of Probation.

As the Respondent has completed a clinical competency assessment (CCA) as directed by the Director of OPMC (Director), and the Director has reviewed the CCA results, assessments, and recommendations, based upon all relevant facts and circumstances known to him:

The following Modification is hereby ordered with regard to the Penalties, Limitations, Probation Terms and Conditions imposed in the Original Order as set forth above:

The License Limitation pursuant to N.Y. Pub. Health Law § 230-a(3), precluding all prescribing of controlled substances except those medications set forth in attached Exhibit C of the Original Order, shall continue in effect. Upon the issuance of this Modification Order, Respondent may continue to prescribe those medications set forth in Exhibit C of the Original Order within the practice of neurology; however, Respondent shall not practice or prescribe in the fields of

addiction medicine or chronic pain management. This License Limitation shall continue until such time as the Director, in his sole discretion, shall modify such License Limitation.

The Director shall not entertain any request by Respondent for modification of the above License Limitation until after Respondent complies with the terms of the Original Order regarding the identification and approval of a Preceptor and the development and approval of a remediation plan addressing the deficiencies/retraining recommendations identified in the CCA (neither of which have occurred to date), and Respondent demonstrates to the satisfaction of the Director that he possesses adequate knowledge and competence to practice in the area of the License Limitation he seeks to modify. Approval of a Preceptor and a remediation plan shall not, alone, provide a basis for modification of the License Limitation. Respondent is directed to bring himself into compliance with all terms and conditions of the Original Order. In considering any request by Respondent for modification of the License Limitation, the Director shall exercise his sole discretion to continue or modify the License Limitation based upon all relevant facts and circumstances then known to him, as set forth in the Original Order and as further set forth below.

The Terms of Probation set forth in Exhibit "B" of the Consent Order (Attachment I) shall be modified, as follows:

- Within three months of the effective date of this First Modification Order, Respondent shall submit to medical and neurocognitive evaluation(s) by board-certified physician(s) or other health care professional or program (hereafter "Evaluator"), which shall be pre-approved in writing by the Director. Respondent shall provide the Evaluator with a copy of this Order and copies of all previous treatment records requested by the Evaluator. OPMC, at its discretion, may provide information or documentation from its investigative files concerning Respondent, as well as the 2018 CPEP

Report of the CCA concerning Respondent, to Respondent's Evaluator. The Evaluator shall report to the Director regarding Respondent's health, condition, and fitness or incapacity to practice medicine. The Director, in his sole discretion, may impose additional conditions to this First Modification Order based on the results of the evaluation. Respondent shall comply with all treatment recommendations and additional conditions, if any, based upon the evaluation; failure to comply with such treatment recommendations and such additional conditions shall constitute professional misconduct.

- In addition to the continuing education program requirements imposed upon Respondent pursuant to Term of Probation 10, as set forth in Exhibit "B" of the BPMC Order No. 18-056, Respondent shall enroll in and successfully complete a program of intensive, participatory workshops on the subject of patient communications with immediate feedback and guidance; this program shall be subject to the Director of OPMC's prior written approval and shall be successfully completed within the first 90 days after the effective date of this First Modification Order, unless Respondent obtains, in writing, the Director's prior authorization to exceed that 90 day period. The Director, for good cause shown by Respondent prior to the expiration of such 90-day period, shall have full discretion to deny or grant such extension.

The Director reserves the authority, in his sole discretion, to subsequently stay, add, impose, re-impose, extend, or otherwise modify the limitations, probation terms, and/or other terms and conditions imposed upon Respondent's practice pursuant to BPMC Order No. 18-056 and this First Modification Order, based upon all relevant facts and circumstances then known to him, including, but not limited to, those related to the OPMC investigation of Respondent, the CCA

results and recommendations, the Preceptor's reports, the Evaluator's reports, the practice monitor's reports, and/or related to Respondent's practice in the future, as are necessary to protect the public health.

THE ABOVE IS HEREBY ORDERED; and

it is further

ORDERED, that this Order shall be effective upon issuance and mailing by first class mail to Respondent at the address in the attached Consent Agreement or at any other address known to the Office of Professional Medical Conduct.

DATE: 3/13/2018

ARTHUR S. HENGERER, M.D.
Chair
State Board for Professional Medical Conduct

NEW YORK STATE DEPARTMENT OF HEALTH
STATE BOARD FOR PROFESSIONAL MEDICAL CONDUCTIN THE MATTER
OF
FAWZY WASFY SALAMA, M.D.CONSENT
AGREEMENT

FAWZY WASFY SALAMA, M.D., represents that all of the following statements are true:

That on or about October 24, 1994, I was licensed to practice as a physician in the State of New York, and issued License No. 197603 by the New York State Education Department.

My current address is [REDACTED] and I will advise the Director of the Office of Professional Medical Conduct of any change of address.

I understand that the New York State Board for Professional Medical Conduct (Board) has charged me with one or more specifications of professional misconduct, as set forth in a Statement of Charges, marked as Exhibit "A", attached to and part of this Consent Agreement.

I agree not to contest the allegations in full satisfaction of the charges against me, and agree to the following penalty:

- Pursuant to N.Y. Pub. Health Law § 230-a(3), my license to practice medicine in New York State shall be limited to preclude all prescribing of controlled substances except those medications set forth in attached Exhibit C, until I successfully complete a Clinical Competency Assessment (CCA), which shall include but not be limited to the area of controlled substance prescribing. After reviewing the CCA results and recommendations, the Director, in his sole discretion and as set forth below, may modify the License Limitation by terminating the limitation in full, or by imposing a total or partial preclusion on controlled substance prescribing. Pursuant to N.Y. Pub. Health Law § 230-a(9), the Director may also subsequently re-impose and/or modify such a license limitation based upon all relevant facts and circumstances then known to him, including, but not limited to, those related to the current OPMC investigation, the CCA results and recommendations, and/or related to my practice in the future.
- Pursuant to N.Y. Pub. Health Law § 230-a(9), effective immediately upon the issuance of this Consent Order, I shall be placed on probation, subject to the terms set forth in attached Exhibit "B". The period of probation shall continue for no less than 36 months after the License Limitation recited in the paragraph above is stayed. The Director, in his sole discretion, may impose additional Probation Terms and Conditions beyond those set forth in Exhibit "B", based

upon all relevant facts and circumstances then known to him, including, but not limited to, those related to the current OPMC investigation, the CCA results and recommendations, the Preceptor's reports, and my practice in the future, as well as any as are deemed by the Director to be necessary to protect the public health. The Director may also extend the period of Probation.

I further agree that the Consent Order shall impose the following conditions:

That Respondent shall obtain a clinical competency assessment (CCA) performed by a program for such assessment as directed by the Director of OPMC.

Respondent shall complete the assessment to the satisfaction of the Director of OPMC, and shall cause a written report of such assessment to be provided directly to the Director of OPMC within sixty (60) days of the effective date of this Order.

Respondent shall be responsible for all expenses related to the clinical competency assessment and shall provide to the Director of OPMC proof of full payment of all costs that may be charged. This Condition shall not be satisfied in the absence of actual receipt, by the Director, of such documentation, and any failure to satisfy shall constitute a violation of this Consent Order.

At the direction of the Director and within 60 days following the completion of the clinical competency assessment the Respondent shall identify a Preceptor,

preferably a physician who is board certified in the same specialty, to be approved in writing, by the Director of OPMC. The Respondent shall cause the Preceptor to:

Develop and submit to the Director of OPMC for written approval a remediation plan, which addresses the deficiencies /retraining recommendations identified in the CCA. Additionally, this proposal shall establish a timeframe for completion of the remediation program.

Submit progress reports at periods identified by OPMC certifying whether the Respondent is fully participating in the personalized continuing medical education program and is making satisfactory progress towards the completion of the approved remediation plan.

Report immediately to the Director of OPMC if the Respondent withdraws from the program and report promptly to OPMC any non-compliance by the Respondent.

At the conclusion of the program, and at any time prior to the conclusion, as Preceptor deems appropriate, submit to the Director a detailed assessment of the progress made by the Respondent toward remediation of all identified deficiencies, a recommendation regarding the need for any further

remediation or training, and any recommendation regarding advisable restrictions, if any, on Respondent's future medical practice.

Respondent shall be solely responsible for all expenses associated with the terms and conditions of this Consent Order, including fees, if any, for the clinical competency assessment, the personalized continuing medical education program, the Practice Monitor, or otherwise associated with the monitoring, and as further set forth in Exhibit "B"

That Respondent shall comply with each and every penalty imposed by this Order pursuant to N.Y. Pub. Health Law § 230-a.

That Respondent shall remain in continuous compliance with all requirements of N.Y. Educ. Law § 6502 including but not limited to the requirements that a licensee shall register and continue to be registered with the New York State Education Department (except during periods of actual suspension) and that a licensee shall pay all registration fees. Respondent shall not exercise the option provided in N.Y. Educ. Law § 6502(4) to avoid registration and payment of fees. This condition shall take effect 120 days after the Consent Order's effective date and will continue so long as Respondent remains a licensee in New York State; and

That Respondent shall remain in continuous compliance with all requirements of N.Y. Pub. Health Law § 2995-a(4) and 10 NYCRR 1000.5, including but not limited to the requirements that a licensee shall: report to the department all information required by the Department to develop a public physician profile for the licensee; continue to notify the department of any change in profile information within 30 days of any change (or in the case of optional information, within 365 days of such change); and, in addition to such periodic reports and notification of any changes, update his or her profile information within six months prior to the expiration date of the licensee's registration period. Licensee shall submit changes to his or her physician profile information either electronically using the department's secure web site or on forms prescribed by the department, and licensee shall attest to the truthfulness, completeness and correctness of any changes licensee submits to the department. This condition shall take effect 30 days after the Order's effective date and shall continue so long as Respondent remains a licensee in New York State. Respondent's failure to comply with this condition, if proven and found at a hearing pursuant to N.Y. Pub. Health Law § 230, shall constitute professional misconduct as defined in N.Y. Educ. Law § 6530(21) and N.Y. Educ. Law § 6530(29). Potential penalties for failure to comply with this condition may include all penalties for professional misconduct set forth in N.Y. Pub. Health Law § 230-a, including but not limited to: revocation or suspension of license, Censure and Reprimand.

probation, public service and/or fines of up to \$10,000 per specification of misconduct found; and

That Respondent shall provide the Director, Office of Professional Medical Conduct (OPMC), Riverview Center, 150 Broadway, Suite 355, Albany, New York 12204-2719, with the following information, in writing, and ensure that this information is kept current: a full description of Respondent's employment and practice; all professional and residential addresses and telephone numbers within and outside New York State; and all investigations arrests, charges, convictions or disciplinary actions by any local, state or federal agency, institution or facility. Respondent shall notify OPMC, in writing, within 30 days of any additions to or changes in the required information. This condition shall take effect 30 days after the Order's effective date and shall continue at all times until Respondent receives written notification from the Office of Professional Medical Conduct, Physician Monitoring Program, that OPMC has determined that Respondent has fully complied with and satisfied the requirements of the Order, regardless of tolling; and

That Respondent shall cooperate fully with the Office of Professional Medical Conduct (OPMC) in its administration and enforcement of this Consent Order and in its investigations of matters concerning Respondent. Respondent shall respond in a timely manner to all OPMC requests for written periodic

verification of Respondent's compliance with this Consent Order.

Respondent shall meet with a person designated by the Director of OPMC, as directed. Respondent shall respond promptly and provide all documents and information within Respondent's control, as directed. This condition shall take effect upon the Board's issuance of the Consent Order and will continue so long as Respondent remains licensed in New York State.

I stipulate that my failure to comply with any conditions of this Consent Order shall constitute misconduct as defined by N.Y. Educ. Law § 6530(29).

I agree that, if I am charged with professional misconduct in future, this Consent Agreement and Order shall be admitted into evidence in that proceeding.

I ask the Board to adopt this Consent Agreement.

I understand that if the Board does not adopt this Consent Agreement, none of its terms shall bind me or constitute an admission of any of the acts of alleged misconduct; this Consent Agreement shall not be used against me in any way and shall be kept in strict confidence; and the Board's denial shall be without prejudice to the pending disciplinary proceeding and the Board's final determination pursuant to the N.Y. Pub. Health Law.

I agree that, if the Board adopts this Consent Agreement, the Chair of the Board shall issue a Consent Order in accordance with its terms. I agree that this Consent Order shall take effect upon its issuance by the Board, either by mailing of a copy of the Consent

Order by first class mail to me at the address in this Consent Agreement, or to my attorney by certified mail, OR upon facsimile transmission to me or my attorney, whichever is first. The Consent Order, this agreement, and all attached Exhibits shall be public documents, with only patient identities or other confidential information, if any, redacted. As public documents, they may be posted on the Department's website. OPMC shall report this action to the National Practitioner Data Bank and the Federation of State Medical Boards, and any other entities that the Director of OPMC shall deem appropriate.

I stipulate that the proposed sanction and Consent Order are authorized by N.Y. Pub. Health Law §§ 230 and 230-a, and that the Board and OPMC have the requisite powers to carry out all included terms. I ask the Board to adopt this Consent Agreement of my own free will and not under duress, compulsion or restraint. In consideration of the value to me of the Board's adoption of this Consent Agreement, allowing me to resolve this matter without the various risks and burdens of a hearing on the merits, I knowingly waive my right to contest the Consent Order for which I apply, whether administratively or judicially, I agree to be bound by the Consent Order, and I ask that the Board adopt this Consent Agreement.

I understand and agree that the attorney for the Department, the Director of OPMC and the Chair of the Board each retain complete discretion either to enter into the proposed agreement and Consent Order, based upon my application, or to decline to do so. I further understand and agree that no prior or separate written or oral communication can limit that discretion.

EXHIBIT "A"

IN THE MATTER

OF

FAWZY WASFY SALAMA, M.D.

STATEMENT
OF
CHARGES

FAWZY WASFY SALAMA, M.D., the Respondent, was authorized to practice medicine in New York State on or about October 24, 1994, by the issuance of license number 197603 by the New York State Education Department.

FACTUAL ALLEGATIONS

A. During periods in or about 2012 through in or about 2014, Respondent failed to render appropriate care and treatment to Patients A – E, and prescribed medications, including controlled substances, inappropriately to these patients.

SPECIFICATION OF CHARGES

FIRST SPECIFICATION

NEGLIGENCE ON MORE THAN ONE OCCASION

Respondent is charged with committing professional misconduct as defined in N.Y. Educ. Law § 6530(3) by practicing the profession of medicine with negligence on more than one occasion as alleged in the facts of:

1. Paragraph A.

March 6
DATE: February , 2018
New York, New York

[REDACTED]

ROY NEMERSON
Deputy Counsel
Bureau of Professional Medical Conduct

EXHIBIT "B"

Terms of Probation

- 1) Respondent's conduct shall conform to moral and professional standards of conduct and governing law. Any act of professional misconduct by Respondent as defined by N.Y. Educ. Law §§ 6530 or 6531 shall constitute a violation of probation and may subject Respondent to an action pursuant to N.Y. Pub. Health Law § 230(19).
- 2) Respondent shall cooperate fully with, and respond in a timely manner to, OPMC requests to provide written periodic verification of Respondent's compliance with the terms of this Consent Order. Upon the Director of OPMC's request, Respondent shall meet in person with the Director's designee.
- 3) Respondent's failure to pay any monetary penalty by the prescribed date shall subject Respondent to all provisions of law relating to debt collection by New York State, including but not limited to: the imposition of interest, late payment charges and collection fees; referral to the New York State Department of Taxation and Finance for collection; and non-renewal of permits or licenses [Tax Law § 171(27); State Finance Law § 18; CPLR § 5001; Executive Law § 32].
- 4) The probation period shall toll when Respondent is not engaged in active medical practice in New York State for a period of 30 consecutive days or more. Respondent shall notify the Director of OPMC, in writing, if Respondent is not currently engaged in, or intends to leave, active medical practice in New York State for a consecutive 30 day period. Respondent shall then notify the Director again at least 14 days before returning to active practice. Upon Respondent's return to active practice in New York State, the probation period shall resume and Respondent shall fulfill any unfulfilled probation terms and such additional requirements as the Director may impose as reasonably relate to the matters set forth in Exhibit "A" or as are necessary to protect the public health.
- 5) The Director of OPMC may review Respondent's professional performance. This review may include but shall not be limited to: a review of office records, patient records, hospital charts, and/or electronic records; and interviews with or periodic visits with Respondent and staff at practice locations or OPMC offices.
- 6) Respondent shall adhere to federal and state guidelines and professional standards of care with respect to infection control practices. Respondent shall ensure education, training and oversight of all office personnel involved in medical care, with respect to these practices.
- 7) All terms and conditions imposed upon Respondent with respect to participating in, cooperating with, and successfully completing a clinical competency assessment

- (CCA), and complying with all recommendations and related terms and conditions of this Order, are also Terms of Probation.
- 8) Within thirty days of the Consent Order's effective date, Respondent shall practice medicine only when monitored by a licensed physician, board certified in an appropriate specialty, ("practice monitor") proposed by Respondent and subject to the written approval of the Director of OPMC. Any medical practice in violation of this term shall constitute the unauthorized practice of medicine.
- a) Respondent shall make available to the monitor any and all records or access to the practice requested by the monitor, including on-site observation. The practice monitor shall visit Respondent's medical practice at each and every location, on a random unannounced basis at least monthly and shall examine a selection (no fewer than 20) of records maintained by Respondent, including patient records, prescribing information and office records. The review will determine whether the Respondent's medical practice is conducted in accordance with the generally accepted standards of professional medical care. Any perceived deviation of accepted standards of medical care or refusal to cooperate with the monitor shall be reported within 24 hours to OPMC.
 - b) Respondent shall be solely responsible for all expenses associated with monitoring, including fees, if any, to the monitoring physician.
 - c) Respondent shall cause the practice monitor to report quarterly, in writing, to the Director of OPMC.
 - d) Respondent shall maintain medical malpractice insurance coverage with limits no less than \$2 million per occurrence and \$6 million per policy year, in accordance with Section 230(18)(b) of the Public Health Law. Proof of coverage shall be submitted to the Director of OPMC prior to Respondent's practice after the effective date of this Order.
- 9) Respondent shall maintain complete and legible medical records that accurately reflect the evaluation and treatment of patients and contain all information required by State rules and regulations concerning controlled substances.
- 10) Respondent shall enroll in and successfully complete a continuing education program as directed by the Office of Professional Medical Conduct. This continuing education program is subject to the Director of OPMC's prior written approval. This program shall be successfully completed within the first 90 days of the probation period unless Respondent obtains, in writing, the Director's prior authorization to exceed that 90 day period. The Director, for good cause shown by Respondent prior to the expiration of such 90 day period, shall have full discretion to deny or grant such extension.

- 11) Respondent shall comply with this Consent Order and all its terms, and shall bear all associated compliance costs. Upon receiving evidence of noncompliance with, or a violation of, these terms, the Director of OPMC and/or the Board may initiate a violation of probation proceeding, and/or any other such proceeding authorized by law, against Respondent.
